

The City of Garrison is hiring for a position in Public Works. Duties include the general installation, maintenance and repair of natural gas, water, and sewer system operations. May be tasked with the daily maintenance and/or repairs to gas, water and wastewater treatment facilities, lift stations, pump stations, provide support to the public, and assigned City departments and divisions.

Essential Job Functions:

- Assist in the installation, maintenance and repair of the gas, water and wastewater utilities including main lines, service lines, valves, hydrants, treatment, and/or pumping facilities.
- Check meters, gauges, pumps, and control panels to verify correct operation of equipment and record information.
- Operate, maintain/repair pumps, control panels, and chlorinators.
- Monitor operation of heavy equipment while preventing damage to other utility lines while digging.
- Answer emergency calls from the public and other agencies; taking appropriate action: including: jetting sewer main blockages, sewer main repairs, gas leak investigation/repairs and repairs to the water system.
- Organize tools, equipment and supplies necessary to complete assignments. Inspect, clean and maintain equipment/tools for safe operation.
- Perform routine inspections of assigned areas to detect any necessary repairs or hazardous conditions.
- Maintain and observe safety regulations including wearing appropriate clothing, erecting proper barricades and signage, using proper equipment and personal protective equipment (PPE).
- Required to work on-call, evenings and/or weekends.
- Travel to attend meetings and training as required.
- Operate and maintain city equipment, e.g. backhoe, sewer jet machine, etc.
- Acquire and/or maintain water/wastewater license(s) and natural gas operator qualification (if applicable)
- Salary ranges depend on experience/certification.
- Current City benefits include Medical/Dental/Vision, Retirement with City match, Sick leave and Vacation time.
